Integration Date:

Integrated by:

INITIAL INSPECTION

	YES	NO	N/A		YES	NO	N/A
RETs visible?				RETs named correctly?			
ALD SW level correct?				RRU visible?			
Rectifier/breaker capacity correct?				GPS visible?			
Sync cables installed?				Correct SFP?			
Transmission cables installed?				Ext. alarm cable installed correct			
Other problems identified?				Comments:			

COMMISSIONING/INTEGRATION

	YES	NO	N/A		YES	NO	N/A
SCF available and correct?				Transmission working?			
GPS Functional?				Ext. alarms working?			
Sync between system modules working?				E-RET as per RFDS?			
Other problems identified?				Comments:			

Acceptance Test Protocol

	YES	NO	N/A		YES	NO	N/A
UMTS voice scenarios successful?				UMTS data scenarios success?			
UMTS E911 scenario successful?							
LTE midband voice scenarios successful?				LTE midband data scenarios success?			
LTE midband E911 scenario successful?							
LTE 700 voice scenarios successful?				LTE 700 data scenarios success?			
LTE 700 E911 scenario successful?							
Other problems identified?				Comments:
